Of plentye & scarcite of this yere

rsally as I have beholde our significations of plentye & scarcite al this
wynge shalbe metely plentye but nat verey good chepe and more in the
in the south than in other pties for it signifieth by our significations
manere of fruytes & grayues growynge for the sustenance of man & the be
ges shall have, wel ferre by euyl onte temperate corruptions of the ayre &
waters which shall do more harme than good wherefore shalbe more de
good chepe where are barly, oote, shal arise more than excede, more
etely good chepe. pese & beens shal rise for a bone chepe rosyn prue
almonds nutmegs & other such whiche were spare with vyle olive, al suche
have cōpetently. Chese butter & mylke shal ryse. bere & moron shalbe
e.the longer the derer And all that belongeth to feed of warre or to the
warre shall this yere rise in vse

Of sekenesses that shall reygne this yere

se of the ascendynge of saturne in the fyrmament precedynge the sekenes
naries where saturnus nor ones with the is the place he nat change sure
which onsertēte. this yere shall ... passe with grete vrine & perh
ange fevers & suche lyke sighe perilous & venym empoysonynges mated
s which cometh by ouerche excesse of mete or dronke wekenam other
nes in diuers places of the body. man shall dye cause by the lordes as
pect into the.xij.house of the humayn aspect which shalbe a grete cause
sinfirmites for saturne obscureth the sonne & the mone in their oppos
erfor this signifieth grete heuynes & sekenes in them that be melancholie
like

Of pace & warre

se that saturne is in the figure before precedinge in the corner of the.x
nt of which house he darkeneth both the sonne & the mone with the
aspecte These with other costillacions cominge this yere signifieth other
see nyon betwene kynges princes & other grete personages. &c. The ti
enchymed therein to in the begynnynge of pull. the begynninge of
septēber The.xij.aspecte of saturne to the nne & to ye right hande

iiij. aspecte of saturnus therefore concludynge of warre & strife for all
lorde & strife. this semeth better to be a vere ospeas thā of warre. but al
re shalbe disencion and enuye betwene the princes or nobles & gentyle
synge a glosynge loue to couer theyr malyce.

Of them that be vnder saturnus

They that be borne vnder saturne. as melācolyke or heruy dychers or
[illegible] fullers & suche other. & c. in the wynter shall prosper metely
them selfe so in gettynge of chyldren. & in prime tyme sha
themselfe. because they wold be eraised of other but in somer they shal
per so well for in hervest they shalbe oppressed with seknes

Of them that be vnder iupiter

They that be borne vnder iupiter. as iuste & denote men & magystrat. p
cardinals: this vere shall prosper metely well in wynter but they shall
in theyr busynes & shall nat be faythfull in theyr promesses or in theyr
but they shall suffre disease thrugh feuers & other hote seknesse

Of them that be vnder mars

Marcialles as capitaynes or conduitours of men of warre knightes m
mes surgeons. smythes or armorers & hasty people that be colerike sha
[illegible] in the wynther & then shall shewe themselue to be eraised be
pryncis and suche men of armes or men of warre ought to take hede in p
mes for the seasons to them contrarious for then shalbe throwen to the
with many deedly woundes and sharpe seknesses shal greue them sore t
chaūgynge of their blode in the somer then shalbe taken & poysoned th
their mobedience. and hervest then shalbe in the oppression of myghty
and princes

Of them that be vnder sol

That be suche as be kynges princes dukes. erles lordes. barons kny
the wynter they shall prosper cōpetently in all thinges and in prime ty
shalbe honoured but the cōmon people shal murmure āo grudge agai
and in the somer they shal make frendes & gouerne their cōmon in goo
& muche lyke the same maner in hervest but of feuers & other hote dise
ought to take hede & than shall there be amōge grete gouernours, mocly

Of

Of venus disciples/or them that be vnder venus

They that be vnder venus as women or gentyl women. maydens yon
mynstrelles dances synge so or make pleyars haūtynge instrumētes of
with wowars & all suche ioyous plesure as be gouerned by ven? this p
shall do well in the wynter & excede in their delectacions out of measure

ugh noble pynces

Of them that be vnder mercury

all men as philosophers maisters of arte: bokepriters marchandours paynotates peyntours: and other such chyldre engenyd of people. they shal nat in wynter for they shal be in perill and they shal be hevy lyenge & slouthfull they[r] busines. In prime tyme the colerikes and they that medle with swarre ought to beware of [illegible] the somer they [illegible] the frendys and lykewise in hervest they shal be well fortunate

Of them that be vnder luna

o that be gouerned be luna as legatz: peres. mariners fissheres foulers. s In the winter and in prime tyme they shall suffer hevnesse in fondry ma n the somer they shall endevor theselfe to grete voyages: in the which they sper well and in hervest they shall be fortunable.

¶ moste noble & myghty emperour of Rome Maximylian.

pere of the moste redoubted emperour Maximilian shal haue this begyn in the beginnyge of marche next commynge in folowinge the astronomers ne good fortune but he is in iopardy of fevers and he ought to beware be nat hurte with any beste In this first moneth or tenth mo[illegible] kē from the xvij. day of marche of this present pere. [illegible] xviij. shal many frendes and specially grete kynges mighty pynces and cōduytours of armes for Jupiter revolued is in to the house of mars. And because is in her exaltatiō. and the mone reuolued in to the place of the sonne he shall be be fortunable and sper by ladyes where through he shalbe sore d to mariage and shal haue diuers congregacōs of matrimonyall maters domynios and possessiōs shal haue prosperite yff that he treat of any as at[illegible]: or feats of warre mars promyseth hym veri good fortune.

Of the moste crystē kynge of frāce Frāceys

kynge of frāce Frāceys whose reuolutiō is begon in septēber last past & re to septēber next cōmynge this present pere he shal make many frend as lōge as he may he shal abstayne hym from warre & shal exercite hym noble games & feats of chiualry yf he be cōpelled to warre he shal haue the e of his enemyes through the faythfull helpe of his noble kn[illegible] s tenes. he shall haue ytell or none but he ought to take hede in the beginn tell. & the beginnyge of July and the ende of auguste

Of the moste myghty & faythfull kynge of englonde Henry.

moste mighty & faithfull kynge of englonde Henry shal haue venus for e the first part of the pere & mars for the other parte and he shall endevor to passe the tyme in honour amonge fair ladyes in moste noble maner

of the yere Also he ought to bewarke that he be[illegible]

Of the moste noble kynge of spayne Charles

The reuolucyō of the moste noble kynge shall haue his beg[inning] ge
ende of fe uervere this present vere ✠ shall haue mercury for his g[overnor] uif
whiche is reuolued vnto the place of iupiter ✠ sol ✠ that maketh l[ord] n
s prompt in all his businesses ✠ all thynges honorable shal haue prosp[erity]

[illegible] vnderstode that the [illegible] of the sonne [illegible] ornes
[illegible] last for it contynes a place of his wyth but because it was
shall do hym the iesse noyaunce

The duke dome of brabande

The duchye of brabāde shall haue good spede ✠ be subtyle in al thing
shall treat moche of thynges belongynge to the profite of the lāde with
of noble men ✠ shall be with out werre except i some place that ley in the
de ✠ southside of brabāde where shal suffre domage thrugh men of
of sharpe sekenes they shal not be free whiche shall greue thrugh ouer
exchaunginge of blode

The Eurldom of flanders

The contye of flaūders shall occupie[illegible] the significatour of the
because that mercury out of the house of mars makes behoefty shall
[illegible] hour maysters but in some thynges they ought to ayde
[illegible]nes ✠ also of tēpestions weder of the sure which nought do ha[rm]

Of the contye of hollande

The cōtye of hollande shall be well in all them busynesses wit
ge ✠ good fortune but in some places of this contye they ought to ta
lest mars finde them not vnprouyde ✠ than to do them grete hathe

Of the duchy of londe of ghelder

The londe of gelder this yere shall haue some singuler inconvnes whi
mysfortune by some grete gryefull men ✠ also discencion amōge the co
ple ✠ shall aswage grete suffetaūce thrugh marcyal busynes ✠ they sh
domage by grete tempestes amonge their bestes ✠ fruytes

Of the londe of iulle

The londe of iulle shall behaue them wysely in all their businesses thi
they shall prosp in profyte ✠ grete wynnynge of their fruytes ✠ her
✠ [illegible] gayte wynnynge so moche as it shall haue a[illegible] ✠ suffraūce ✠ s[illegible]

Finis

Here is shewed the inclinacion of the sterres for the yere of oure
lorde .M.CCCCC.xxvij. of the whiche god may do his ple
sure who be blessed in eternite amen

Emprynted by Nycolas the Graue.
